Edited by leading scholars in the field of food studies, *Critical Perspectives in Food Studies* brings together original contributions by Canadian scholars who skillfully showcase the diversity and extent of the field. Balancing Canadian and international content, the contributions introduce students to the theoretical and historical foundations for understanding the ways in which Canadian and global food systems are managed.

Critical Perspectives in Food Studies: Koc, Mustafa ...

About the Series. The study of food has seldom been more pressing or prescient. From the intensifying globalization of food, a world-wide food crisis and the continuing inequalities of its production and consumption, to food's exploding media presence, and its growing re-connections to places and people through 'alternative food movements', this series promotes critical explorations of contemporary food cultures and politics.
