Dragonfly Biology Workbook Answers For

These worksheets are tailored to the current textbook: Biology by Miller and Levine (commonly called the Dragonfly book) Most are specifically targeted to chapter sections – as in, students read the section of the chapter and answer very straightforward questions as they read. I originally designed the reading guides to encourage freshman students to read the chapters.

Textbook Reading Guides - The Biology Corner

This workbook is very helpful in studying Biology (the Dragonfly text). I got one for each of my kids, so they can test their knowledge by answering questions, and filling in the blanks, diagrams and charts after studying each section, without having to create their own note-taking pages.
