The Changing Face of Racism in America. As we trudge deeper into the 21 st century, racism in the United States continues to present continuous problems to our society. While the biological conception of race and genetic differences between people with lighter or darker pigmentation is a made-up fallacy, we have nurtured a social hierarchy aligning with it, creating very real consequences.

The Changing Face of Racism in America - Digital Commons

It is changing the face of America. And while most of the changes are good, they do present challenges which demand more both from new immigrants and from our citizens. Citizens share a responsibility to welcome new immigrants, to ensure that they strengthen our nation, to give them their chance at the brass ring.
