The Other Side of the Wind is definitely for any fans of Orson Welles and for those who enjoy seeing filmmaking done years ahead of its time. I feel like I must say that this film isn't getting praise from me simply because Welles' name is slapped on it, but good because there are a bunch of things to appreciate.

Set in a small town in the far north of Canada, The Other Side Of The Bridge is constructed of two parallel narratives: the story of Arthur, a farmer's son growing up in the nineteen thirties and forties; and Ian, a doctor's son growing up twenty years later. The two stories intersect when Ian, aged sixteen, comes to work on Arthur's farm.

A number of people who've seen the annual lunar phase and libration videos have asked what the other side of the Moon looks like, the side that can't be seen from the Earth. This video answers that question. (Update: The video was selected for the SIGGRAPH 2015 Computer Animation Festival.). Just like the near side, the far side goes through a complete cycle of phases.
