Principles of Equity - Online Library of Liberty

Equity is a separate system of law from the Common-Law. It has different rules, principles, and remedies. Thus, to understand the principles on which the Law of Equity is based, we must understand its origin and the reasons for its requirement despite the presence of a system of law, i.e. the Common Law. Common Law is the body of customary law which originated in the Curia Regis (King's Court), London.

Law of equity - general principles of equity - iPleaders

Maxims of equity are legal maxims that serve as a set of general principles or rules which are said to govern the way in which equity operates. They tend to illustrate the qualities of equity, in contrast to the common law, as a more flexible, responsive approach to the needs of the individual, inclined to take into account the parties' conduct and worthiness. They were developed by the English Court of Chancery and other courts that administer equity jurisdiction, including the law of ...
